MUIR COLLEGE

Located on the west side of campus, Muir Housing surrounds a grassy quad where conference guests can study, play Frisbee, and socialize. The Mandeville Center for the Performing Arts, the Natatorium swimming complex, recreation fields, volleyball, basketball and tennis courts, plus two campus gymnasiums are all a short walk from the residential areas.

ACCOMMODATIONS

Two high-rise residence halls feature suites of primarily triple rooms (and some singles) with common area spaces to gather and study. Located across the quad are two apartment complexes, Tamarack and Tuolumne. Tamarack Apartments is housed in a 9-story mid-rise apartment building complete with elevators and LEED Gold Certification. Accommodations include living rooms, kitchens, and bedroom space for up to 6 guests in combinations of single and double rooms. Tuolumne apartments house up to 5 guests with a living room, a small kitchen, bathroom, storage room, one double bedroom, and 2 or 3 single rooms.

AMENITIES

Bi-weekly cleaning of common areas, easy access to laundry facilities, and Wi-Fi are available in all residential areas. Option for Triton Blue and Triton Gold housekeeping services.

MEETING SPACES

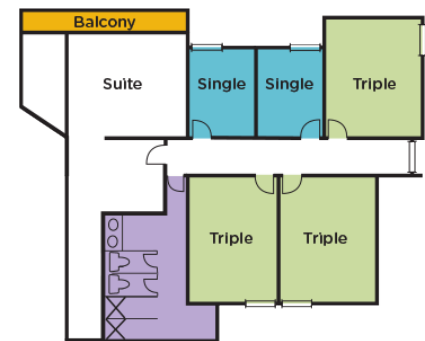

Muir College features several neighborhood meetings rooms, including Mariposa and Sequoia located on the first level of Tamarack and accommodating 15-80 guests. The residential halls include large floor lounges and an additional meeting room on the 11th floor of Tioga, featuring stunning ocean views. The Faculty Club is also located nearby.

DINING

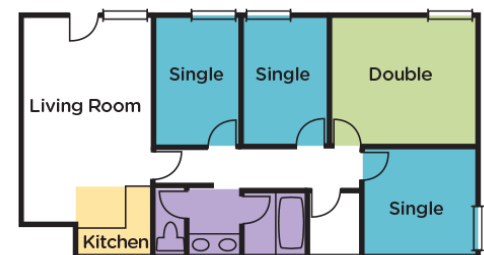

Pines, located in the center of the Muir Housing community, offers customers an all-you-care-to-eat menu in a lofted, open concept space with tons of windows and saturated color.
